

Thursday 1st October at 15:00 CEST

14:50 Access webinar e-room

15:00 Welcome and introduction, by **Mr. Claudio Voto**,
Campania Aerospace District

15:05 HYPLANE concept and business case, by me

15:30 Debate, moderated by Claudio with the following guests:

- **Prof. Luís Braga Campos**, Instituto Superior Técnico (IST),
Lisbon Technical University, Portugal
 - **Gen. B.A.(r) Giuseppe Cornacchia**, Scientific Committee
member of Center for Near Space, Rome, Italy
 - **Prof. Masataka Maita**, Advisory Board Member of JAXA, Tokyo,
Japan
 - **Dr. Laurent Serre**, Head of Hypersonic programs, ONERA,
Palaiseau-Paris, France
 - **Dr. Richard Varvill**, CTO Reaction Engines Ltd, Abingdon, UK
- 16:00 *Salutations and end of the webinar*

EACP General Assembly 2020 - 28th September to 2nd October 2020

AGENDA

Contact: Francine Schulz
Robert Weist

francine.schulz@hamburg-aviation.com
robert.weist@hamburg-aviation.com

Venue: Virtual meetings - Microsoft Teams

Timetable					
CET	Monday	Tuesday	Wednesday	Thursday	Friday
10am - 12am	EACP Plenum (Francine)	WGs PPT (Robert)	EuroSME (Rino)	Workshop on UAV (Antonio + Daniela)	EACP Future Strategy (Yalcin)
3pm - 4pm	KPMG Webinar (Andrew)	EACP EU Representatives (Rui)	Government support to aerospace industry - Debate (Andrew + Frank)	Hypersonic Business Jet Workshop (Rino)	WG Skills Workshop (Carlos + Rustem)

Specifics:	The mandatory part of this year's General Assembly is composed by the EACP Plenum and the Working Groups' presentation sessions. Due to its virtual nature, all GA events will be open to cluster staff members.
-------------------	---

Monday 28th September					
EACP Plenum	10h00	5 min	Welcome		Francine Schulz (EACP)
			Agenda		
			EACP Highlights of past year		
			Communication via Slack		
	11h00	10 min	Break		
			WG Supply Chain	CFV	Francine Schulz (EACP)
			New WG UAV	CFV	Daniela Richter (HAV)
			Marketing Fee		Francine Schulz (EACP)
			Member Exclusion		
			General Assembly 2021		
		Upcoming Meetings			
12h00			End		

KPMG Webinar	15h00	Start	KPMG is a multinational professional services network. Under Andrew Mair's lead (MAA) KPMG will show their expectations about the consolidation of the industry's supply chain, followed by an open discussion.
	16h00	End	

Tuesday 29th September					
WGs PPT	10h00	5 min	Welcome		Robert Weist (EACP)
		25 min	WG Strategy + Discussion		Krzysztof Krystowski (Silesian Aviation Cluster) + David Praet (Skywin)
		25 min	WG Skills + Discussion		Carlos Maio (AED) + Rustem Baris Yesilay (ACA)
	10h55	10 min	Break		
		25 min	WG Internationalisation + Discussion		Thilo Schoenfeld (Aerospace Valley) + Gennaro Russo (DAC)
		25 min	WG Technology + Discussion		Yalcin Yilmazkaya (ACA) + Gennaro Russo (DAC)
	12h00		End		Robert Weist (EACP)

EACP EU Representatives	15h00	Start	Under Rui Santo's lead (AED) the EACP EU Representatives will report their first efforts in this new position, which will be followed by an open discussion about the future shaping of their tasks - due to pandemic changes.
	16h00	End	

Wednesday 30th September

EuroSME	10h00	Start	Under Gennaro Russo's lead (DAC) the final EACP-EuroSME meeting will be held. This event will illustrate the main achievements obtained in terms of (i) new practices to stimulate and support the development of SME's innovation investment projects, and (ii) pipeline of projects ranging from idea inception to ensuring funds. The meeting will be introduced by Mr. Marek Przeor (DG Grow) dealing with the EU strategy about clusters collaboration to support SMEs' development. The event will be closed by Ms. Martina Bacova (EASME) who is responsible for the monitoring of the EuroSME project.
	12h00	End	

Government support to aerospace industry	15h00	Start	Following the rules of debate clubs, Andrew Mair (MAA) and Frank Jensen (NAG) will discuss why governments should support aerospace and aviation industry at all. The arguments will be divided between regional and national level dealing not only with the positive aspects but also with the whole spectrum in scepticism which accompanies the aviation industry. Secondary speakers will join them and open questions from the audience will make the discussion interactivational.
	16h00	End	

Thursday 1st October

Workshop on UAV	10h00	Start	Antonio Zilli (DTA) will present the programme "Grottaglie Airport Test Bed", which is a wide programme, based on the availability of an experimental airport (Grottaglie Airport) for UAV testing. Several experimentations have already been realized (by Leonardo and IDS). After a discussion revolving around this programme Daniela Richter (HAV) will open the discussion on the general topic UAV and how EACP could position itself with regard to this new, fastly growing sector.
	12h00	End	

Hypersonic Business Jet	15h00	Start	Under the title "Hypersonic Business Jet. Europe could continue flying fast", Gennaro Russo (DAC) will present and stimulate the discussion about the future of long-range travel. Combining Urban Air Mobility with personal aviocars and high speed systems (such as hypersonic stratospheric aircraft) might be a possible solution.
	16h00	End	

Friday 2nd October 2020

EACP Future Strategy	10h00	Start	We are undeniably living in challenging times. The pandemic drastically changed the aviation landscape, forcing EACP to react. Nevertheless, behind every drawback hides an opportunity. In this framework, the WG Strategy would like to discuss with the whole EACP a new joint future strategy, tackling future goals but also EACP's organisational structures.
	12h00	End	

WG Skills - The New Normal	15h00	Start	The Covid-19 pandemic changed the way of work for millions of workers. Everyone has experienced an increase in working from home, videocalls and online trainings. The WG Skills under the lead of Carlos Maio (AED) wants to present the results of the study "New Normal" in HR and have an open discussion about the future of the human capital in the industry under these new conditions.
	16h00	End
