Professor Dr. Masataka Maita,  
JAXA, Japan

Dear Professor Dr. Masataka Maita,

In the frames of 100<sup>th</sup> anniversary, “Central Aerohydrodynamic Institute named after professor N.E. Zhukovsky” (TsAGI) is organizing a number of international events in 2018. Representatives of leading Russian and foreign research centers and industries from Europe, Northern and Southern America, Asia, Australia and Africa will participate in these various celebration events. Traditionally, their scope will cover a wide range of scientific ideas and technical developments forming the basis for enabling flight opportunities and setting the priorities for the world aviation industry.

One of these events is the “International Conference on High-Speed Vehicle Science and Technology”, supported by CEAS and hosted by TsAGI to promote academia and industry from around the globe to discuss openly fundamentals and enabling technologies applicable for high-speed vehicles. This event will be held in Moscow from the 26<sup>th</sup> till the 29<sup>th</sup> of November 2018 and will be supported by the International non-profit Association CEAS, the Council of European Aerospace Societies. With this inaugural conference, we endeavor to create a basis for follow-up international scientific conferences in this area.

In order to assure a proper international involvement, you are kindly invited to become a part of the international Technical committee of this “International Conference on High-Speed Vehicle Science and Technology” and to contribute to the setting up of its program and technical content.

We are looking forward to your acceptance as a member of this international committee.

Sincerely Yours,

Academician of RAS,  
General Director, TsAGI

Sergey L. Chernyshev
